SPECIAL EDUCATION

EFPP ES L2 apprentis / parcours 2025

Enseigné par HEBREW Simeon, SANTANA KEDOGO Barbara

Niveaux A2, B1, Tous niveaux

6h de cours face à face + 9h de travail en ligne

Objectives :

To develop and install professional vocabulary with the goal of preparing the students for professional conversations in the workplace and with clients who do not speak French.

The vocabulary will include various elements designed to favorise clear communication. Grammar will be included in the program with the aim of allowing precise and clear communication.

These elements will be presented in several forms including but not limited to reading and listening comprehension.

This variety of techniques will help different kinds of student to familiarise themselves with essential and useful vocabulary.

The time spent with the teacher will allow the students to practise this vocabulary in role play and discussion exercises.

The teachers will guide the students through different scenarios and outcomes to reflect the contact that the students may face in real life.

This combination of techniques will be used to support the students by giving them information, requiring them to use it in written and oral form and developing their confidence in their own abilities.
